# \* IMPORTANT NOTICES \*

---

In order to make sure that all horses and their handlers are well rested and well prepared for the activities of the coming day, the time between 10:00 pm and 5:00 am is to be observed as quiet time.

Only those directly responsible for taking care of horses, security staff, and those officially designated as assistants are allowed in the barns or arenas or any other parts of the building during these hours. This rule will be strictly enforced by official security personnel.

---

When you have your horses Coggins Tested for our sale, it is very important to make sure that each horse has a separate Coggins paper with the picture and coloring drawn accurately and completely.

This is the only way the Canadian buyers can bid on your horses.

---

Horses do not need to come to the sale office for check-in. Just bring all your paper work to the office. Make sure you have your lot number.

---
